

Dear Sylvan Township Citizens,

I would like to take this opportunity to introduce myself. While many of you may already be familiar with me, for those who are not, I am a Michigan and Washtenaw County native, having grown up in Chelsea, attended Chelsea Schools and currently residing in the City of Chelsea. I obtained my Urban and Regional Planning Degree from Michigan State University in 1997.

Over the past 23 years, I have cultivated a robust career as a professional planner, gaining valuable experience in diverse locations such as Colorado, California, and Michigan. My professional planning career has led me to work with various municipal governments, including County, City, Village, and Township entities.

In 2013, I returned to Michigan, and from 2013 to 2014, I had the privilege of working with Sylvan Township, Stockbridge Township, and The Village of Stockbridge as a Temporary Planner and Zoning specialist. In early 2014, I secured a full-time position as the Planning and Zoning Director for Hamburg Township. In 2017, I transitioned to the role of Township Planner on a part-time basis, allowing me the opportunity to assist other communities. I continued to provide planning services to Hamburg Township until January of this year.

Currently, I am providing Planning Services to Lyndon Township, Norvell Township, and Private Developers through SP Urban Planning Service, a sole proprietorship where I am the sole employee. I also provide zoning services as a temporary employee to Lyndon Township and will be providing Sylvan Township with both Planning and Zoning Services as a temporary employee.

My passion lies in assisting smaller communities within Michigan by educating them on the benefits of utilizing a professional planner. My goal is to work in communities where I can offer specialized planning services tailored to the specific goals and objectives of that community. With my history in the region and firsthand knowledge of the local community, I am confident in my ability to provide your municipality with a personalized approach to urban planning.

I look forward to providing Sylvan Township with professional service to help move the Township forward in a successful manner.

Thank you

Scott Pacheco, AICP  
Sylvan Township  
Planning and Zoning Administrator
